Forecast For Strathclyde
Issued by Met Office Aberdeen
at 0400 on Wednesday 20 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early and late sleet or snow, sunny spells in between.

Today:
Rather cloudy start with patchy rain, sleet and snow. However brighter conditions, with good spells of sunshine, across northern Argyll spread to all parts this morning. Later this afternoon, cloud increases from the south bringing outbreaks of sleet and snow. Maximum temperature 5 deg C (41 deg F).

Tonight:
Some early clear spells across Argyll but generally a cloudy evening with outbreaks of sleet, snow and coastal rain. Some clearer spells overnight, especially across southern Argyll and around Glasgow. Minimum temperature -1 deg C (30 deg F).

Thursday:
Rather cloudy morning with outbreaks of sleet, snow and coastal rain but becoming brighter through the afternoon with sunny spells and snow showers. Feeling cold with occasionally strong northwesterly breeze. Maximum temperature 5 deg C (41 deg F).

Outlook for Friday to Sunday:
Cold with sunny or clear spells and wintry showers, falling as snow away from coasts, through Friday and the weekend. Occasionally strong northwesterly winds Friday morning easing. Widespread overnight frosts.
